Notes to the Unaudited Condensed Interim Financial Statements For the three and six months ended June 30, 2015 and 2014 (Expressed in Canadian dollars)

1. Nature of Operations

YANGAROO Inc. ("Company") is a technology company that is the provider of user friendly and secure business to business distribution of media via the Internet. The Company's patented Digital Media Distribution System (DMDS) is a secure B2B digital media management solution for the entertainment and advertising industries. DMDS is an end to end technology solution that provides a fully integrated work flow based digital distribution and data management solution. DMDS provides audio and video content for music, music videos, and advertising to television, radio, media, retailers, award shows and other authorized recipients with more accountable, effective, and far less costly digital distribution of broadcast quality media via the Internet.

YANGAROO Inc. is a publicly listed company incorporated on July 28, 1999 under the laws of Ontario as Musicrypt.com Inc. and changed to its present name on July 17, 2007. YANGAROO trades on the TSX Venture Exchange (TSX-V) under the symbol YOO and in the U.S. under OTCBB: YOOIF.

The address of the Company's corporate office and principal place of business is 18 Mowat Avenue, Toronto, Ontario M6K 3E8.

2. Basis of Preparation

(a) Basis of compliance

These unaudited condensed interim financial statements were prepared using the same accounting policies and methods as those used in the Company's audited financial statements for the year ended December 31, 2014. These unaudited condensed interim financial statements are in compliance with International Accounting Standard (IAS) 34, *Interim Financial Reporting*. Accordingly, certain information and footnote disclosure normally included in annual financial statements prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB), have been omitted. The preparation of these unaudited condensed interim financial statements in accordance with IAS 34 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements have been set out in note 3 of the Company's financial statements for the year ended December 31, 2014.

These statements should be read in conjunction with the audited financial statements for the year ended December 31, 2014. These statements were approved by the Board of Directors on August 18, 2015.

(b) Basis of measurement

The unaudited condensed interim financial statements have been prepared on the historical cost basis except certain financial instruments recorded at fair value through profit and loss. Where there are assets and liabilities calculated on a different basis, this fact is disclosed in the relevant accounting policy.

Notes to the Unaudited Condensed Interim Financial Statements For the three and six months ended June 30, 2015 and 2014 (Expressed in Canadian dollars)

2. Basis of Preparation (continued)

(b) Basis of measurement (continued)

The financial statements are presented in Canadian dollars, which is also the Company's functional currency.

The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment of complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in the following notes:

(i) Share-based payments

Share-based payments which include stock options granted to employees, officers and directors and warrants to the extent that they are not measured at the fair value of the services received are based on the fair value at the date of the award. These share-based payments are valued using Black-Scholes option pricing model.

(ii) Fair value of financial instruments

The Company estimated the fair value of the amended debentures using an estimated market interest rate derived from comparable companies.

(iii) Revenue recognition

The Company uses estimates to determine the percentage of completion of certain milestones for the awards management revenue stream. The Company also uses judgement in recognizing its licensing revenue.

(iv) Investment tax credits

The Company uses judgement to determine the recognition of investment tax credits.

(c) Going concern

These financial statements have been prepared using IFRS applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they come due. For the six months ended June 30, 2015, the Company reported a net loss of \$935,267 and used net cash in operating activities of \$714,246. The Company's ability to continue as a going concern is dependent upon its ability to develop and maintain profitable operations or to obtain additional financing. However, there is no assurance that the outcome of these matters will be successful and, as a result, there are material uncertainties that cause significant doubt regarding the going concern assumption. To date, the Company has been successful raising capital (note 7).

Notes to the Unaudited Condensed Interim Financial Statements For the three and six months ended June 30, 2015 and 2014 (Expressed in Canadian dollars)

2. Basis of Preparation (continued)

(c) Going concern (continued)

These financial statements do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying financial statements. Such adjustments could be material.

3. Significant Accounting Policies

New standards and interpretations not yet adopted

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the IASB or IFRS Interpretations Committee ("IFRIC") that are applicable for accounting periods beginning after December 31, 2014, are as follows:

- IFRS 9 Financial Instruments was issued in final form in July 2014 by the IASB and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 also includes requirements relating to a new hedge accounting model, which represents a substantial overhaul of hedge accounting which will allow entities to better reflect their risk management activities in the financial statements. The most significant improvements apply to those that hedge non-financial risk, and so these improvements are expected to be of particular interest to non-financial institutions. IFRS 9 is effective for annual periods beginning on or after January 1, 2018. Earlier application is permitted.
- In May 2014, IASB issued IFRS 15 Revenue from Contracts with Customers. The core principle of the new standard is for companies to recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration (that is, payment) to which the company expects to be entitled in exchange for those goods or services. The new standard will also result in enhanced disclosures about revenue, provide guidance for transactions that were not previously addressed comprehensively (for example, service revenue and contract modifications) and improve guidance for multiple-element arrangements. The new standard is effective for annual periods beginning on or after January 1, 2017. Earlier application is permitted. IFRS 15 supersedes the following

3. Significant Accounting Policies (continued)

New standards and interpretations not yet adopted (continued)

 standards: IAS 11 Construction Contracts, IAS 18 Revenue, IFRIC 13 Customer Loyalty Programmes, IFRIC 15 Agreements for the Construction of Real Estate, IFRIC 18 Transfers of Assets from Customers, and SIC-31 Revenue—Barter Transactions Involving Advertising Services.

4. Operating Line of Credit

The Company has available an operating line of credit of \$20,000. Borrowings under the operating line of credit are due on demand and bear interest at prime plus 2.5% per annum and are secured by a general security agreement. As of June 30, 2015, the Company had a balance outstanding of \$Nil (December 31, 2014 - \$Nil) on this line of credit.

5. Trade and Other Payables

	June 30 2015	Dec	ember 31 2014 (audited)
Trade payables	\$ 262,237	\$	193,434
Non-trade payables	426,773		341,782
	\$ 689,010	\$	535,216

Notes to the Unaudited Condensed Interim Financial Statements For the three and six months ended June 30, 2015 and 2014 (Expressed in Canadian dollars)

6. Debentures

On June 11, 2014, the Company announced that it had redeemed all of its outstanding debentures early, without penalty and in full for the aggregate amount of \$2,327,877 in principal and interest, entering into debenture redemption agreements with the debenture holders. The difference between the redeemed amount and the carrying value of the debentures, which included accrued interest, was recorded in loss from extinguishment of debt.

7. Share Capital

The Company is authorized to issue an unlimited number of common shares.

The following is a summary of changes in common share capital from January 1, 2014 to June 30, 2015:

	Number of shares	Value

- (a) The Company issued 8,236,669 shares at a price of \$0.30 per share for gross proceeds of \$2,471,000 by way of a private placement. The proceeds were used primarily to repay existing indebtedness in the form of debentures (note 6). Share issuance costs of \$243,915 have been netted against share capital and \$86,931 has been allocated to 534,567 warrants issued to agents in connection with the private placement (note 9).
- (b) The Company issued 4,053,334 shares at a price of \$0.30 per share for gross proceeds of \$1,216,000 by way of a private placement. Share issuance costs of \$120,692 have been netted against share capital and \$52,281 has been allocated to 283,734 warrants issued to agents in connection with the private placement (note 9).

Notes to the Unaudited Condensed Interim Financial Statements For the three and six months ended June 30, 2015 and 2014 (Expressed in Canadian dollars)

7. Share Capital (continued)

- (c) The Company issued 1,000,000 shares at a price of \$0.30 per share for gross proceeds of \$300,000 by way of a private placement. Share issuance costs of \$37,282 have been netted against share capital and \$8,555 has been allocated to 70,000 warrants issued to agents in connection with the private placement (note 9).
- (d) On September 26, 2014, 200,000 warrants were exercised for cash proceeds of \$50,000. The fair value of \$26,650 related to the warrant exercise was reclassified from warrants to share capital (note 9). The market value of the warrants on the date of exercise was \$40,000.
- (e) The Company issued 2,609,166 shares at a price of \$0.24 per share for gross proceeds of \$626,200 by way of a private placement. Share issuance costs of \$51,767 have been netted against share capital in connection with the private placement.

8. Share-Based Payments

On October 1, 2013, the Company announced that it had amended its "fixed" stock option plan (the "Old Plan") to a 10% "rolling" plan (the "Amended Plan").

Under the Old Plan, the Company had reserved a fixed number of 11,804,761 (pre-consolidation) common shares for the grant of stock options. Under the Amended Plan, the Company is entitled to grant stock options to purchase up to 10% of the issued capital of the Company at the time of an applicable option grant.

The Amended Plan was approved by the TSX Venture Exchange on September 25, 2013 as well as the Company's shareholders at the Annual Meeting of the Shareholders held on August 13, 2015.

	\$ 201,903

12. Capital Risk Management

The Company includes equity comprised of share capital, warrant capital, contributed surplus, and deficit, in the definition of capital.

The Company's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to further develop and market its digital media distribution systems, and to maintain its ongoing operations. To secure the additional capital necessary to pursue these plans, the Company may attempt to raise additional funds through the issuance of equity and warrants, debt or by securing strategic partners.

The Company is not subject to externally imposed capital requirements and there has been no change with respect to the overall capital risk management strategy during the three and six months ended June 30, 2015.

13. Related Party Transactions

Key management personnel are comprised of the Company's directors and executive officers. In addition to their salaries, key management personnel also participate in the Company's share option program (note 8).

Key management personnel compensation is as follows for the six months ended:

14. Financial Instruments

The following table summarizes the carrying values of the Company's financial instruments. The fair values of financial instruments approximate their carrying values because of their current nature.

	June 30 2015	December 31 2014 (audited)
Fair value through profit or loss (i) Loans and receivables (ii) Other financial liabilities (iii)	\$ 535,234 \$ 1,047,606 \$ 794,551	\$ 712,729 \$ 1,058,097 \$ 651,283

- (i) Cash and cash equivalents
- (ii) Accounts receivable excluding HST
- (iii) Trade and other payables, finance lease obligation, debentures and accrued interest

The Company classifies its fair value measurements in accordance with the three levels fair value hierarchy as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2 Inputs other than quoted prices that are observable for the asset or liabilities either directly or indirectly, and
- Level 3 Inputs that are not based on observable market data
